Select Feedback from attendees of the 2018 Transition Bootcamp Conference

“I usually host a group of friends at my house on Thursdays. I was hesitant to cancel and attend this event instead, but I’m so glad that I did!”

Parent

“If you will have any part of transition planning with youth then go! You will get information you never knew you needed. The opening panel gave such great information from a parent perspective. This is so beneficial for professionals that don't have the lived experience.”

Professional

“...seeing and meeting the ‘entrepreneurs’ gave both parents and the professionals who attended ideas and encouragement. Another win.”
