

Support Parent Training Opportunity

**Are you interested in providing support to other families who have a loved one with a disability or special healthcare need?
Who was that person for you?**

Apply to become an Ohio P2P Support Parent!

Ohio P2P is an evidence based statewide parent support program that matches parents, siblings, self-advocates, foster parents, grandparents, etc. who have family members of any age, with a disability or special healthcare need, to an experienced, trained, volunteer support parent.

Training is comprised of two one-hour zoom sessions and a set of four online modules to complete on your own during the weeks in between. Total time commitment for the training is around 4 hours, including the zoom sessions.

The two one-hour zoom sessions are held on the first and fourth Thursdays of each month (except December). You may choose the time that best fits your schedule, either 12pm-1pm **OR** 6:30pm-7:30pm.

Please join us as we build this network. No one should feel alone. Ever.
